

MCTA & Tennis WinWin “Mini-League” Format

- Two teams of 9 players will be formed. Players are randomly assigned to either Bev’s team or Ann’s team. Ann and Bev will be the acting captains of their respective teams.
- 12 players (6 from each team) will be scheduled each week.
- Matches will be timed. The allotted time is 1.5 hours.
- Play will take place on 3 courts.
- Each match will consist of three 25-minute rounds.
- Players will be partnered with a teammate for all three rounds of the match and will rotate together each round.
- Each partnership will face a different partnership on the opposing team each round.
- The partnership with the most games at the end of the timed round on each of the three courts will receive 1 point for its team. If the game score is even/tied, the point will be divided between the teams. So, for each round, a maximum of 3 points is possible. For the entire 3-round match, a maximum of 9 points is possible.
- Regulation tennis will be played with regular scoring. However, you will continue playing games until the rounds ends. You will not play sets.
- *Tennis WinWin* will publish weekly results, team standings, and notice of upcoming schedule.
- Each team will accumulate points each week. Prizes will be awarded to the players on the winning team at the end of the 6-week season!

We hope that you will enjoy the season, play some great competitive tennis, and be prepared to join an MCTA league in the future!
